

Southeastern Pennsylvania School Age Child Care Project

Presents the

Using Portfolios to Bring Out the Best in School Age Children

A two part, 6 hour, professional development event to support the successful implementation of Portfolios to support children's development and enhance program quality. Participants will learn about how *Portfolios* in school-age programs can be used as a tool: to document children's growth and development; for program planning and implementation; for helping children reflect on their experiences and set goals; for sharing important information about children's experiences with parents; for professional development. Information will be shared about using developmental checklists as a framework for portfolio development; analyzing completed checklist and related documentation; and comparing and linking checklists to the Pennsylvania Child Service Report and the Key Areas of the PA Learning Standards.
